

diabetes is hereditary

PAIN IS NOT

Imagine a day without numbness, burning, or tingling in your legs or feet.

Relieve numbness, tingling and pain in your feet and legs. Restore the sensation. Reduce the risk of amputation. Reverse the painful cycle often caused by diabetes.

Mid-town Surgical Center is one of only a few facilities in the country skilled to offer the innovative nerve decompression procedure.

Stop the burning and restore sensation.

Call now for an appointment at 713.691.6000 Ext. 25
